

Providing Step-by-Step

Instructions for Success

01

Keep ALL of Your Trays

When you keep all of your trays, it will be easier for us to assess your progress and make refinements as needed.

02

Immediately Place Your Trays In Your Case

Whenever you take out your trays, IMMEDIATELY place them in your case. AVOID using a paper towel to wrap them.

03

If You Lose a Button, Contact Us Immediately

Losing a button can happen and when it does, contact us IMMEDIATELY so we can replace that button and keep your progress on track.

04

If You Lose a Tray, Contact Us Immediately

Wear your PREVIOUS tray and then contact us IMMEDIATELY so we can order you a new tray and keep your progress on track.

05

If You Notice Large Gaps When Wearing Your Trays, Contact Us

Contact us so we can assess the fit of your trays and ensure the success of your treatment.

06

If You Notice Your Trays are Rocking or Not Snapping In, Contact Us

Your trays may not be fitting well. Contact us so we can assess the fit of your trays.

07

Keep Your Trays in a Cool Place

Arizona is hot and so is your car especially during the hot months. Avoid leaving them in the car. The heat can damage the trays.
